

2004-06 Nissan Armada 2WD-4WD 6" Suspension System

New for '06 Armada!!

- Following in the footsteps of the award winning Nissan Titan 6" Suspension Lift System is the new 6" Suspension Lift System for the 2005-2006 Nissan Armada from Pro Comp.
- Pro Comp Suspension once again has created a kit with an awesome look that improves driving performance on and off-road.
- Use larger 35" tires for more ground clearance and off-road fun.
- High performance **Stage II** system features Pro Comp Pro Runner Coil Over front shocks and MX6 or MX6R Reservoir rear shocks— race inspired and designed for maximum control.
- Precision laser cut, CNC formed, bulletproof steel components. No cutting or drilling to install.
- Pro Comp Suspension – Performance Driven!
